1	IIT Bombay	Work in progress	IIT Bombay is developing a new website that will be launched in couple of months. The website will be GIGW 3.0 compliant, which covers accessibility requirements. The newly launched PwD student cell website (link: https://pwdcell.iitb.ac.in/) of IIT Bombay includes a set of accessibility tools to make the website inclusive to a certain extent.		New hostel facilities are PwD friendly with desired ramp facilities, tactile tiles and toilets. Some of the academic buildings have PwD friendly facilities. Vehicles have been restricted in the academic zones and the main academic corridor is laid out with tactile tiles. In most buildings, lifts have been made operational especially for the specially abled together with toilet facilities in some of them. Steps have been augmented with ramps as per the Universal Design standards. The institute has initiated several schemes to aid the specially abled students, specifically by providing both mechanical as well as battery operated wheelchairs for seamless movement. Guardians/care-givers are allowed to stay with PwD students, if required. The library has a collection of books in accessible formats. PwD students can avail the ambulance and IIT Bombay hospital facilities like other students. On a case-to-case basis, they may get therapy or treatment from IITB affiliated hospitals.	All the buildings in the Institute are accessible to the PwD candidates. Tactile paving is provided on the walkway corridor in the Institute for visually challenged people. Toilets for differently abled persons are provided in most of the buildings. Adequate space is provided for persons using mobility devices, e.g. wheelchairs, crutches, and walkers. Illuminated signages and layout diagrams are provided to help the persons easily reach the desired place.	Faculty are advised to take the help of accessible learning platforms and assistive technologies in making class material and assignments accessible. The PwD student cell website of IIT Bombay includes a list of softwares/assistive technologies which serves as a comprehensive information source for faculties and students with disabilities. Faculty can also use the facilities provided by the Centre for Distance Engineering Education Programme to create online content and to record their lectures. Various portals and applications used (such as Moodle) have accessibility features. On a case-to-case basis, the PwD student cell, IIT Bombay arranges meetings with appropriate experts to ascertain proper facilities to address need-based accessibility accommodations in specific cases. This is a work in progress.

8	IIT(BHU) Varanasi		IIT(BHU) launched a website in October-2022 that complies more than 70% with GIGW 2.0 guidelines for accessibility. We plan to study, analyse, develop implementation to comply with the latest released GIGW 3.0 guidelines in coming months.		(A). Admission -Reservation for students with disabilities is undertaken as per Govt. Guidelines. Relaxation in cut off in admission is also considered as per the Govt. guidelines. (B). Academic Fee - Tuition fees for students with disabilities is also exempted. (C). Accommodation and Classroom - The academic, administrative and hostel buildings have been made accessible by construction of ramps and installation of lifts. (D). Scholarships are also made available to the PwD students as per State Govt. /Govt. of India norms. (E). Relaxation of time at the time of writing academic examination of the Institute also given to all the eligible PwD students.	(i) All new buildings coming up in IIT(BHU) campus are having provisions for accessibility for differently-abled persons such as ramps, lifts and unisex toilets etc. (ii) All hostel and department buildings in IIT(BHU) campus are having ramps. (iii) Lifts, unisex toilets and ramps facilities are already available in Lecture Theatres, Department of Mechanical Engineering, School of Materials Science & Technology, Department of Humanistic Studies, IIT(BHU) Girls Hostel and newly constructed hostels, Residential Apartments and Student Activity Centre building of the Institute.				
9	IIT Bhubaneswar	The audit for the accessibility of PwD will be done shortly			1-The new Building which are constructed after the year 2020 are equipped with: a) Ramp b) Accessible drinking water facility c)Lift with Braille button d) Accessible toilets etc	All the buildings at IIT Bhubaneswar have been designed and executed to be accessible to differently abled persons.	We have wheelchair facility in hostel and classrooms, accordingly civil infrastructure is available. For partially blind student, faculty advisors advise them to use Apps to magnify the content suitable for reading. For their exams, scribes are provided.			
10	IIT Gandhinagar	Accessibility audit of the Institute buildings has already been conducted in 2017.	Main website of IITGN is largely compliant with Divyangjan accessibility requirements and is compatible for use with standard screen readers. IIT Gandhinagar moved to a new website layout in 2018 with more security features and greater accessibility, such as font size, larger image sizes, adding alt text in images, contrast, mobile portability, etc. To further improve accessibility, the institute is working towards GIGW 3.0 compliance and STQC certification of its website.	Noted.	IIT Gandhinagar Institute follows reservation policy and other concessions/ relaxations as per Government of India norms in admission of students and recruitment of its employees. PwD Students in regular programme are provided benefit of tuition fees waiver including fees of summer term and winter break. As per the directions of Hon'ble Supreme Court of India and based on the Office Memorandum (F.No. 11-8/2014-SC/ST dated 25 May 2015) received from Department of Higher Education, MHRD, Govt. of India regarding allowing extra time to PwD students in various examinations, all the eligible PwD students & interviewing candidates are allowed the extra time at the rate of 20 minutes per hour in all the examinations.	All the buildings and open spaces of the campus are wheelchair friendly, which allows disabled persons to roam around the campus without any hassle. The academic area, housing area, hostels and even the food outlets of the campus have suitable ramps where the wheelchair movement becomes quite convenient. The Institute has provided tactile tile flooring in the sports complex, central arcade, housing and Research park for ease of movement of persons with disabilities. Apart from the above-mentioned provisions Institute has also provided the ramps and handrails in all the buildings as per the guidance given in the report of the RPwD.	The Institute has provided electric wheelchair to a PwD student. The Institute also extended support to him for a leg surgery with the coordination of local government authorities. Five students have applied for the Scholarship for Top Class Education for Students with Disabilities during the AY 2022-23. The Central Library of IITGN follows the guidelines given by the DDA (Disability Discrimination Act) and ADA (Americans with Disabilities Act) for users with disabilities. It provides flexibility and comfort to the physically challenged users in availing library services like issuing/returning of books, roaming around the library, etc. Dedicated parking facility is made for PwD at various locations like main gate, carport and staff housing. The academic complexes, hostels and staff housing are facilitated with the ramp facilities and tactile tile provisions where the wheelchair movement becomes quite convenient. All the clusters of the campus have separate toilet facilities for students, faculty, and staff with disabilities.

1	IIT Kharagpur	<p>IIT Kharagpur has proactively undertaken initiatives to incorporate and foster Indian cultural values in its educational framework. The Centre of Excellence in Indian Knowledge Systems (CoE-IKS) is established at IIT Kharagpur to bring forth a comprehensive research, development and outreach base for promotion of various domains of IKS including Indian history, advance archaeological exploration, Indian language systems, aesthetics systems, Indian systems of geometry and mathematics, cosmology and positional astronomy. The Academy of Classical and Folk Arts (ACFA) established at IIT Kharagpur has also been running National Cultural Appreciation classes for 1st & 2nd year UG students in Vocal, Instrumental, Dance and Fine Arts since 2020. Presently there are about 300 students who have enrolled in this course.</p> <ol style="list-style-type: none"> The Academy of Classical and Folk Arts conducts a course on Arts Education and Creative Expressions-1 for the newly admitted batch of B.Sc - B.Ed students in Autumn 2023 and also conducts workshops, lecture demonstrations and invited seminars on classical and folk arts for the students and campus community. Recently, the academy has also started classes in classical vocal and instrumental music. Pandit Ajoy Chakrabarty has been a Distinguished Visiting Faculty in the academy. IIT Kharagpur conducted VIRASAT with the help of SPIC MACAY from 02-18th Jan 2024 incorporating various elements of Indian cultural heritage. The event included screening of classical movies, heritage walks involving school students, intensive workshops on traditional painting, dance and music, and performances by Maestros of classical dance and music including Padma Bhushan Awardee Shri Vidwan Vikku Vinayakram; Padma Bhushan & Padma Vibhushan Awardee Shri Hariprasad Chaurasia. Cultural Societies at Technology Students Gymkhana, IIT Kharagpur conducts cultural activities throughout the year. This year, Inter-IIT cultural meet was organised at IIT Kharagpur during 26th-29th December, where students from all the IITs participated in almost all the verticals of cultural activities. Technology Students Gymkhana is also promoting Desi games among the students by organising competitions. A competition on Pittu will be organised in the month of March. On the eve of 69th Convocation of IIT Kharagpur, the institute conducted a musical evening with Utsad Shahid Parvez Khan, a Padma Shri awardee and Pandit Abhijit Banerjee for the cultural night with mesmerizing musical performances. IIT Kharagpur was the nodal institute for Yuva Sangam Phase - III from West Bengal, under Ek Bharat Shreshtha Bharat where the students from all over India through this initiative experience the 'Cultural Connect' through Paryatan (Tourism), Parampara (Traditions), Pragati (Development), Prodyogik (Technology) and Paraspar Sampark (People-to-people connect). Dr. Sonal Mansingh, eminent exponent of Odissi dance form, Padma Vibhushan Awardee and Honourable Member of Parliament, Rajya Sabha joined the institute as a Distinguished Visiting Faculty and is associated with the Academy of Classical and Folk Arts (ACFA) and Centre of Excellence on Indian Knowledge Systems (CoEIKS). She has conducted an interactive session on Holistic Teaching-Learning and its significance in today's Higher Education. CoE-IKS at IIT Kharagpur will conduct Nişkāma Sevā (Selfless Social Service) in Different Schools of Indic Thought: Alternate Models for Mainstream Social Work from 2nd to 3rd March, 2024. On the occasion of the National Sanskrit Diwas celebrated on 31st August 2023, CoEIKS at IIT Kharagpur announced as a part of NFSEC "Sanskrit Vihaar", free Weekly Sanskrit Sessions for Children which started from 31st August 2023 for age group 5-7 years and for age group 8-10 years. The centre has also jointly organized a certificate course in Sanskrit Language with the Central Sanskrit University, New Delhi. CoE-IKS at IIT Kharagpur conducted an annual plenary talk series on "Existential Phenomenology (Vendata Vicara) and Mental Wellbeing from the Upanishads" on 7th August, 2023. Pravrajika Divyandaprana, Monastic Member of Sri Sarada Math was the speaker of the talk series. IIT Kharagpur conducted Yoga Mahotsav from 3rd June - 21st June, 2023 including Yoga sessions, guest lectures and demonstrations, events, quiz, competitions for all the faculty, students, staff members and entire campus community. YOGA classes for the students and campus community are also being conducted throughout the year. CoE-IKS at IIT Kharagpur also conduct annual plenary talk series on Ayurveda, The Science of Life on 11th April, 2023. Prof. Bhushan Patwardhan, Distinguished Professor of Health Sciences, Biomedical Scientist and Ethnopharmacologist who served as the chairman of the Interdisciplinary AYUSH R&D Task Force on COVID-19 and India Lead, WHO Global Centre for Traditional Medicine Task Force was the eminent guest speaker of the plenary series. 6	IIT Delhi	31.01.2019	Asst. Prof. or equivalent	Pay Level 10, 11, 12 and 13A1							6	2	13	0											The sanctioned academic strength of the Institute is 776, which includes Professor, Associate Professor, Assistant Professor, Library Staff, Programming Staff, Post-Doctoral Fellow, Emeritus Professor, Professor of Practice, Adjunct Professor of Practice, English Language Instructor, and Visiting Professor. However, at the Special B.O.G Meeting held on 04.07.2023, the number of 1093 (already approved by the B.O.G in its 202nd meeting held on 31.10.2019) was proposed to be implemented and agreed to by the B.O.G. This sanctioned strength is only for the permanent teaching faculty positions of Assistant Professor, Associate Professor and Professor. However, since the Institute follows a flexible cadre, there is no bifurcation of sanctioned strength between Assistant Professor, Associate Professor and Professor. In order to secure adequate representation of SC/ST/OBC communities at IIT Delhi, Special drive to recruit SC/ST/OBC/PwD faculty were undertaken in 2013-14, 2019 and 2021. The latest such Special drive was advertised in October 2023 and selections are in progress.

13	IIT Patna	31.01.2019	Assoc. Prof. or equivalent		155	0	155																		Rolling advertisement has been placed on IIT Patna website, so that candidate can apply as & when he or she becomes eligible.3.Recruitment of SC/ST/OBC/EWS faculty satisfying minimum eligibility conditions as per MHRD Guidelines has always been preferred. However, all selected & offered candidates have not joined. The positions have been advertised round the year. The reason for faculty crunch at IIT Patna lies in dearth of getting eligible faculty candidates in all categories.

Extended Placement Season and Support (Till Mid July 2024): The institution has extended the duration during which students can seek placements, possibly providing them with more opportunities to find suitable positions. 2. Alumni Connect Initiative: We are seeking help from alumni base in securing internships and placements for students. Alumni are providing valuable insights, mentorship, and sometimes the available job opportunities within their respective organizations. 3. Industry Engagement Program: This program aims to familiarize students with various job profiles and the current job market trends. It helps students understand what potential employers are looking for and prepares them accordingly. This way more companies are being connected to institute and students. 4. Internship Opportunities for Non-Placed Students: Here we are encouraging non-placed students to explore some internships as per the current industry scenario. This initiative provides them with valuable work experience and potentially opens up avenues for full-time employment in the future. 5. Extended Placement Season: We've extended the placement season till July end due to ongoing processes, and committed to supporting our yet-to-be-placed students until they secure jobs. 6. Proactive Outreach: Our team is actively contacting additional recruiters to create more internship and placement opportunities for our remaining students. 7. Targeting Core Sector Opportunities: We're focusing on improving placement in core jobs by specifically inviting Public Sector Undertakings (PSUs) to recruit our students. 8. Leveraging Corporate Connections and alumni networks: Through our strong industry ties and alumni support, we are approaching more companies seeking potential internships and placements for our students. 9. Emphasis on Summer Internships: By prioritizing summer internships, we're setting our students up for success with pre-placement offers. 10. Project-Based Internships: This year, IIT Patna introduced project-based industrial internships for postgraduate students. These provide invaluable hands-on experience, exposure to real-world applications, and opportunities to develop problem-solving, technical, and soft skills. Importantly, these internships are also being converted into full-time placements.

We are focussing on sectors that have been previously unexplored, such as outreach companies and education sectors such as colleges, Pvt. universities, Technical Institutes which are interested in hiring from IITs. 3.To accommodate this year's unplaced students, while inviting companies for next placement season, we are communicating about the availability of previous year students for internships and full-time job offers. 4. Our ongoing placement season is still running (it will run through August 2024) with 9 companies in different stages of recruitment and we are expecting a few more companies who have shown interest to visit our campus. 5. We are also working on our curriculum to make it more flexible for longer internships (as suggested by companies/industries). This will help students to get more internships, which can be converted to full-time employment (FTOs). 6. Based on the feedback from the companies, we have planned several training sessions, mock interviews, and group discussions to uplift the students' interpersonal skills. 7. In line with other IITs our "two job policy" will be replaced with "one job + one dream job policy". "One job + one dream job policy" will bring more certainty for companies about students joining their organization and it will also reduce the state of confusion for the students. 8. The CDC will initiate a student's survey in the beginning of the placement season to ascertain students' primary interest and facilitate provision of the resources pertaining to their area of interest. This initiative is intended to avoid the incidents of registrations motivated solely for formal association with CDC with no serious intentions of securing a job. 9. We are also making significant efforts in the direction of signing MoUs with several companies and core industries to tie up in the field of academics and research. We believe that eventually those companies will come for placements and help to improve our placement statistics.	Few students are interested in start ups and some are going for higher studies and competitive exams. Will get to know the real stats once students exit survey is concluded and we conclude the ongoing placement season.

**Student Suicide data as on 01.01.2024 to 30.06.2024-reg.**

6	IIT Guwahati	<p>Equitable access to culture and arts education (CAE) is essential for fostering inclusivity, diversity, and creativity in society. Some key points to promote equitable access to CAE:</p> <ol style="list-style-type: none"> (1) Culturally Responsive Teaching: Train educators/cultural facilitators in culturally responsive teaching practices to create inclusive and welcoming learning environments. (2) Outreach and Engagement: Implement outreach programs and partnerships with schools, social service agencies, and community organizations, to engage underserved populations and promote participation in cultural and arts education activities. (3) Community-Based Programs: Establish cultural centers, art studios, and performance spaces in underserved areas to make arts education more accessible to local residents. (4) School Curriculum Integration: Integrate CAE into school curricula at all levels to ensure that all students have opportunities to engage with culture and the arts. (5) Accessibility and Accommodations: Make CAE spaces, events, and resources accessible to individuals with disabilities by providing accommodations such as wheelchair ramps, sign language interpreters, and audio descriptions. (6) Language Accessibility: Offer CAE programs in multiple languages to accommodate individuals from linguistically diverse communities and non-native speakers. (7) Diverse Representation: Ensure that CAE represents and celebrates diverse voices, perspectives, and identities. (8) Eliminating Financial Barriers: Provide necessary subsidies, scholarships, and financial assistance to ensure that individuals from low-income backgrounds have access. (9) Public Funding and Support: Promote public funding and support for CAE initiatives at the local, regional, and national levels. (10) Digital Resources and Online Learning: Develop digital resources, online courses, and virtual exhibitions to make culture and arts education more accessible to individuals. <p>With these, we will be able to work towards creating a more inclusive and vibrant society where everyone can engage with and contribute to the arts and cultural heritage.</p> <p>In this regard, at IIT Guwahati, we have different boards such as Sports, Cultural and technical under students' affairs, having different clubs focusing on Cadence (Dance Club), LiSoc (Literary Society), DebSoc (Debate Society), Montage (Photography Club), Palettes (Culinary Club), Xpressions (Dramatics & Theatre Club), Anchorena & RadioG (Anchoring Club), Finesse (Fine Arts Club), Octaves (Music Club), Lumiere (Movie Club). Each club actively engages in various activities throughout the year to take competitions at the different levels within and outside institutes. The clubs ensure to provide equal opportunities to every campus community member to be a part of these clubs, to participate in competitions, and to showcase their talents. Further, IIT Guwahati conducts Yoga classes and aerobics for the campus community to provide balance and well-being to everyone on the campus.</p>	<p>Shaping resilient, just, and sustainable futures requires a combination of skills, attitudes, and knowledge across different domains. Some key skills that can contribute are listed below:</p> <ol style="list-style-type: none"> (1) Collaboration and Communication: The strong building of collaborative relationships and effectively communicating across diverse stakeholders is key for driving collective action and fostering inclusive decision-making processes. (2) Empathy and Cultural Competence: Developing empathy and cultural competence enables individuals to understand and appreciate diverse perspectives, experiences, and values, essential for promoting justice and equity in diverse communities. (3) Leadership and Advocacy: Empowering individuals to take on leadership roles and advocate for social and environmental justice can drive positive change and mobilize communities towards sustainable futures. (4) Adaptability and Flexibility: In a rapidly changing world, the ability to adapt to new circumstances, embrace uncertainty, and learn from failures is crucial. (5) Critical Thinking and Problem-Solving: The ability to critically analyze complex issues, identify root causes, and develop effective solutions is crucial. (6) Systems Thinking: Understanding the interconnectedness of social, economic, environmental, and political systems is essential for identifying leverage points and designing holistic solutions that promote resilience and sustainability. (7) Environmental Literacy: Developing a deep understanding of ecological principles, environmental issues, and sustainable practices enables individuals to make informed choices and contribute to environmental stewardship. (8) Creativity and Innovation: Cultivating creativity and fostering a culture of innovation can inspire new ideas, approaches, and technologies that address sustainability challenges and contribute to resilient communities. (9) Digital Literacy and Technological Skills: Effective utilization of modern technology and digital tools can facilitate collaboration, communication, and data-driven decision-making for sustainability and resilience efforts. (10) Resilience Building and Self-Care: Building personal resilience and practicing self-care strategies enable individuals to navigate challenges effectively and sustain their commitment to creating positive change over the long term. <p>By cultivating these skills and fostering a culture, individuals and communities can work together to shape resilient, just, and sustainable futures for generations to come.</p> <p>Keeping the above points in mind, IIT Guwahati focuses on enriching student's well-being to maintain a resilient and sustainable future. A few of the activities are listed below:</p> <ol style="list-style-type: none"> (a) Peer-assisted learning from the senior students to help students struggling with academics. (b) Effective well-being: To address and help various issues such as academics, career, relationships, etc. we have (c) offline counseling and 24x7 help services through YourDost made available to all students. (c) NSS: Developing service skills among students and welcoming them to support needy people in villages in terms of education and other supports. 																	
7	IIT Roorkee	<p>(a) Indian Institute of Technology Roorkee has an academic center on Indian Knowledge Systems in which faculty members from various departments with expertise on various facets of IKS work towards spreading awareness about the traditional knowledge in various disciplines and enabling societal applications of the IKS. In addition, the IKS center also organizes several lectures by eminent academicians to impart knowledge on our country's traditional knowledge systems. IIT Roorkee offers a course, "Indian Knowledge Systems" as a compulsory course for all UG 1 year students. This course touches upon the contribution of IKS to various fields of science, technology, and humanities.</p> <p>(b) A national youth conference on IKS was organized in 2023. Nearly 300 students and faculty members across the country have participated and presented their work related to various IKS domains.</p> <p>(c) The institute has an active Sanskrit Club and has organized several workshops for spoken Sanskrit. The programs have garnered a lot of interest from various sections of the campus community. Many students, faculty members, and school children have received certificates for successfully completing the spoken Sanskrit course.</p> <p>(d) This institute has a National Service Scheme to promote Indian cultural values along with technical education. In which cultural programs are performed by students. A Student Activities Center has been established therein all the students are given practice in playing traditional instruments like harmonium, violin, table and dholak etc. To promote National Service Scheme. In which cultural programs are performed by students</p>	<p>(a) Indian Institute of Technology Roorkee has established Cultural Council to growth of students in cultural. For the overall development of the students, programs based on Indian cultural system are organized from time to time. Creative programs are organized for the students to appreciate and promote art, culture and heritage. Discussions based on our cultural heritage are also held from time to time and to create awareness and motivate the students. The board includes several clubs dedicated to design, fine arts, dance, photography and films, Hindi Samiti, literary, debating, quizzing, music and dramatics. 8	IIT BHU, Varanasi	<p>Educational Institutes, irrespective of specializations being offered, should be mandated to include arts and cultural aspects into their learning environment. Students should be rewarded academically for learning through cultural events/ programs</p>	<p>Imparting learning assisted by cultural and artistic expressions makes the learners appreciate cultural diversity and thus enhance societal assimilation /harmony. Cultural events, fests etc. should be encouraged to be organized by the students of the educational institutions. More programs should be designed by the educational institutions to have the students connected to the society so that they could better understand the real life problems to be addressed. Persons with learning challenges be identified as early as possible and specialized mentorship be provided to create an inclusive society. Exposing to problem solving through practice based learning with sense of flexibility be embedded in the academic curricula which will create persons who will enjoy working in a generous environment.</p>																	
9	IIT(ISM) Dhanbad	<p>Among the core principles of IIT (ISM) are equitable access to culture and holistic development. To broaden their horizons beyond merely STEM subjects, undergraduate and graduate engineering students are encouraged to enrol in courses in literature, philosophy, gender, and cultural studies. Numerous clubs exist that allow students to involve with Indian art and culture. The institute celebrates multiculturalism by holding a variety of events.</p>																		
10	IIT Gandhinagar		<p>At IIT Gandhinagar, a commitment to shaping resilient, just, and sustainable futures permeates every facet of its ethos. Through a forward-thinking approach to infrastructure, solar photovoltaic systems, passive cooling technologies, and rainwater harvesting initiatives exemplify its dedication to sustainability. The Center for Sustainable Development drives research and education on critical issues such as water treatment, waste management, and energy policy, offering a minor in sustainable development. Future-oriented courses like energy policy and data science for decision-making instill a mindset focused on justice and sustainability. Inclusivity is prioritized, with disabled-friendly facilities and social outreach programs like Neev and Nyassa empowering marginalized communities, demonstrating IITGN's holistic approach to fostering a better world.</p>

Provisionally Admitted Question Diary No. S479 for 24.07.2024.pdf

**Provisionally Admitted Question for the Rajya Sabha Starred/Unstarred Diary No. S479 for 24/07/2024
Regarding : Retractiion of Research Papers by IITs**

S.No.	Name of the IITs	(a)	(b)	(c)	(d)	(e)
		Whether Indian Institutes of Technology at many places in the country had to retract several research papers in the last few years;	If so the reasons thereof	Whether this action on the part of IITs had affected the scientific reputation of hte country;	What are the corrective measures taken in this regard;and	Whether any advisory has been issued to the authors of the research papers;
1	IIT Kharagpur					
2	IIT Bombay	No retractions of research papers since last 3 years.	NA	NA	NA	NA
3	IIT Madras	As per the retraction watch database,there are 5 documents retracted from 2019-2023.	Most of these are wrongful use of IIT Madras affiliation by authors of the retracted papers	No. As the number is very less.	The authors are not reachable and do not actually appear to be associated with IIT Madras	All students are sensitized to the importance of following ethical research and publication practices.
4	IIT Kanpur	IIT Kanpur doesn't maintain such record.	NA	NA	NA	NA
5	IIT Delhi	No, IIT Delhi has not retracted any paper. However, the total number of retracted papers by authors with IIT Delhi affiliation is 22, from the year 2001 to 2024 (till now), over which period the total number of publications is 46527 Reasons for retraction include discrepancies in the description of the research reported, lack of confidence in the results and conclusions of the article, concerns about the validity of the data, and incorporating text and figures of a similar nature and no citation to earlier work.	-	No	The authors are sensitized	No
6	IIT Guwahati	IIT Guwahati doesnot maintain such record.	NA	NA	NA	NA
7	IIT Roorkee	(4) Nos. Retractions have been made in past several years.	There have been several reasons to retractions: a) Overlap between a conference proceeding publication and a journal publication by the same authors. b) Overlooking of the references and due acknowledgement in some cases. c) Intentional Plagiarism by one of the authors.	As intentional cases may be counted on fingers and none of the cases is related to the conivance of all the authors hence scientific reputation of the institution is not affected. Further academic fraternity understands the reasons of such cases as those a transparently published on the relevant data bases. Other reason is that IIT Roorkee holds a strong legacy and standards which are known to the academic world.	a) A pledge appears on the academic portal everytime a faculty logs in and one has to pledge before one may proceed. This keeps on reminding everyone on the level of standards one has to follow. b) Only and only the faculty members may be the corresponding author in any paper presented or published from the institute in any guided research, which makes the faculty member responsible for any lapses and therefore the incidents have dropped to almost zero except for some negligenece cases. c) There is an institute policy which is circulated every now and then amongst all the stakeholders. d) Continuous orientation programmes for the students and the faculty by eminent speakers and panelists are organized with regular frequency on specific ocaasions starting from student induction program and research days etc.	Continuous advisories are issued in general as well as in specific cases. Specific commitees are constituted for every reported case. These fact finding commitees deliberate on every aspect and file reports, which are considered for specific actions for the competent authority.
8	IIT (BHU) Varanasi	The Institute has not retracted any publications. Moreover, the Institute has not received any information/complaint about retraction of Research Papers in last few years	NA	NA	NA	NA
9	IIT (ISM) Dhanbad	Yes. 23 papers out of 17000 (approx.) research papers published by IIT(ISM) Dhanbad in the last 20 years. However, no retraction in the last 3 years	The retractions were mainly because of the self-plagiarism and wrong data interpretation.	No	Immediately departmental proceedings were initiated as per CCS(CCA) rules and based on the recommendation, the action was taken.	Yes
10	IIT Gandhinagar	No research paper has been retracted till date with respect to IIT Gandhinagar.		Not applicable in light of (a) above.	As proactive measures, awareness is created amongst the research community about the research publication ethics and misconduct.	
11	IIT Bhubaneswar	Yes (One paper)	The retractions were mainly because of issues about data	No	The concerned faculty was called and made cautions about the same. Advisory was given to him to perform reaserch with greater diligence and avoid similar incidences in future	Yes
12	IIT Hyderabad	A total of 4 papers are either retracted or withdrawn till date.	1. Irregularities w.r.t submission and authorship; 2. Irrelevant references or not being in the scope of the journal; 3. As per the publisher's policy on non-presented papers	No. The number of such cases is miniscule.	Authors are sensitized.	No

13	IIT Jodhpur	Yes (One Paper)	The paper was retracted as per the publisher's policy on non-presented papers.	As voluntarily retracted, there was no such impact.	The Institute is vigilant to avoid any such cases.	The Authors were sensitized.
14	IIT Ropar	There is no retraction of Research Paper in IIT Ropar. The information may be treated as NIL.	NA	NA	NA	NA
15	IIT Patna	The total number of retracted papers by authors with IIT Patna affiliation is 02 till now.	The reason for retraction is the p	NA	NA	NA
16	IIT Indore	Yes (One Paper)	One case of retraction of a Research paper in 2023 is reported. Incomplete acknowledgment about the contribution of the fellow Researcher in the part of the research work.	The researcher has forwarded a request for retraction and the same is in process. Being a specialized research area, it would not affect the scientific reputation of the nation as such.	At the Institute level, awareness sessions are organized to sensitize Research scholars for proper research protocol, acknowledgement to avoid any case of plagiarism in publication.	Yes
17	IIT Mandi	Four	The reasons are various such as data misrepresentation by externally registered student, and publication of paper without the consent of the IIT mandi faculty	As the number of such instances are very meagre, impact on the reputation on the IIT or the country has not been adversely affected.	Even though the number of retractions are very few, IIT Mandi has taken pro-active steps so that such instances are not repeated. (i) The faculty concerned have always reported the matter to the Institute promptly. IIT Mandi has constituted empowered committees under senior researchers to look into the matter closely and their suggestions have been implemented. (ii) Students, researchers and faculty members are made aware about the ethics in publications. Ph.D. students have to compulsorily undergo a course on 'Research Methodology' where ethics and integrity of research is taught at length. Workshops by experts from journal publishing houses, Journal Editors and ethical experts are being organised periodically. (iii) Students and researchers are provided with adequate resources to check plagiarism. Plagiarism checks are routinely performed on reports, assignments, thesis, project proposals etc.	IIT Mandi has constituted empowered committees under senior researchers to look into the matter closely and their suggestions have been implemented
18	IIT Palakkad	There is no retraction of Research Paper in IIT Palakkad. The information may be treated as NIL.	NA	NA	NA	NA
19	IIT Tirupati	There is no retracted document cases found in IIT Tirupati, the information may be treated as NIL	NA	NA	NA	NA
20	IIT Jammu	Nil. There is no retracted document case found in IIT Jammu.	NA	NA	NA	NA
21	IIT Bhilai	NO request received	NA	NA	NA	NA
22	IIT Goa	There is no retracted document case found in IIT Goa. The information may be treated as NIL	NA	NA	NA	NA
23	IIT Dharwad	There is no retraction of Research Paper in IIT Dharwad.	NA	NA	NA	NA

Respected Sir/Madam,

Greetings!

I am directed to attach and forward a copy of Provisionally Admitted Lok Sabha Starred/Unstarred Question Diary No. 294 to be answered on 22/07/2024 regarding "Status of IITs established with Foreign Collaboration". The text of the Question reads as under :

- (a) whether many IITs established with the partnership of top foreign technological universities like United States, the Soviet Union, the United Kingdom and Germany to achieve both excellence and reputations in line with top foreign universities; If so, the details thereof;
- (b) whether these institutions are struggling to meet the desired high standards of the foreign traditional institutes as they were located away from major metropolitan centres such as the Indian School of Mines Dhanbad, while others were "greenfield" start-ups;
- (c) whether top professors are often unwilling to work in isolated places, and students are also hesitant to enroll themselves because of

which in 2021-22, 361 undergraduate, 3,083 postgraduate and 1,852 PhD seats were empty in the new IITs and facing faculty challenges; and (d) if so, the details thereof and the corrective steps being taken by the government to overcome the challenges?

2. It is requested that the inputs for replying the above question may kindly be sent to this Ministry (in **Google-Sheet**) by 15.07.2024 (forenoon), **positively**.

21	IIT Bhilai	Not Applicable	Not Applicable	Not Applicable	Not Applicable
22	IIT Goa	Not Applicable	While IIT Goa is not established in collaboration with a foreign university, the unavailability of land for permanent campus and a few proposed locations far away from capital can potentially impact the hiring of world class faculty members.	Yes, top professors are often unwilling to work in isolated places and so are the students. As a result, IIT Goa has seen poor response for its MTech and PhD programs.	This is related to the governments at the center/state.

Madam/ Sir,

Please recall your input regarding dropout of students in IITs, which is already mentioned in the google sheet, whose link is given below. In this context, it may please be noted that the following cases are not considered as "drop out":

- i. If the student registered for a course in your institute and not joined thereafter,
- ii. If the student has left one stream and joined another stream in your institute,
- iii. If the student, after joining your institute, has left your institute and joined some other institute at any place in India
- iv. If the student, after joining your institute, has left your institute and joined some other institute abroad,
- v. If the student has completed the course and joined work (e.g., a student has joined integrated B. Tech/ M. Tech course or 5-year IPM course or integrated M. Sc./Ph.D. The student has completed graduation/ post-graduation and left for joining work).

2. In view of the above, it is requested that you may kindly update your reply in the blank columns of the google sheet. If your Institute is not tracking the student after they have left, you may use the information provided by the student when they have applied / intimated the reason for leaving your institute (for cases iii to v above) and provide your reply clearly stating that this is as per the version of the student.

Google Sheet Link:-

https://docs.google.com/spreadsheets/d/1v_nodHDHKunEnwBaNDO-zlyVeN2uuAD3UtTXIW69cDs/edit?usp=sharing

3. The information may please be provided **latest by 16.12.2023**, positively.

Respected Sir/Madam,

Greetings!

With reference to above mentioned subject, it is requested to provide information regarding "*Student Strength as on 31.12.2023 (category wise)*" in the google sheet below [positively by 05.04.2024](#).

Google Sheet Link:-

<https://docs.google.com/spreadsheets/d/1zPJpbRcmS5vLu0VNi7b7FeZDMzc5aRJ1E0hbn7ZI3hs/edit?usp=sharing>

2. It is also requested to provide this information (**pdf file**) via email also.

PS: While making any changes in the sheet it may kindly be ensured that no changes inadvertently happen to the data entered by other IITs. Also, only numeric data, instead of remarks, may be filled in the cells.

Sir/Madam,

With reference to the email below, it is requested that inputs as requested in the google sheet may kindly be furnished.

IITs who have filled the Google sheet are requested to re-look into their replies as student strength of course being offered by them have been shown as Not applicable or NA in some cases.

IITs are requested to mention short term certification courses, diploma programs or degree courses run by them. May write NA only if the type of course is not offered by the IIT. For Ex: If any IIT does not offer short term courses, it may write NA.

It is requested that this may treated as URGENT.

Thanks & Regards

Ashwini Kumar

Vacancies	Filled Up	Unfilled	Vacancies	Filled Up	Unfilled	Vacancies	Filled Up	Unfilled					
1	IIT Kharagpur	0	0	0	0	0	0	0	0	0	Since IIT Kharagpur follows flexible cadre structure for faculty positions, the category wise backlog vacancy could not be calculated.	Advertisements are published twice a year in January and July. Selection process is conducted throughout the year.	
2	IIT Bombay	14	0	14	9	0	9	42	0	42	Institute had published rolling Advertisement on IITB website since 2007 giving full details about percentage of reservation for SC/ST/OBC categories. Moreover, IIT Bombay advertises Faculty positions in leading Newspapers, Employment news, all over India every year. Despite efforts made, vacancies of Assistant Professor in a given year, do not have representation of SC/ST/OBC to the extent of the laid down percentage, due to non-availability of suitable candidates with qualifications and experience required for such positions of these categories.	The Institute endeavours to maintain its quality of teaching by recruiting experienced and talented faculty within the country and abroad. Selection for faculty position are merit based. If faculty candidate from SC/ST/OBC category applies and found suitable, we appoint such candidate. Also, Institute is carrying special recruitment drive to fill the backlog vacancies.	
3	IIT Madras	0	0	0	0	0	0	0	0	0	Rolling Advertisement in process, the backlog for calendar year 2023 will be determined by March 2024 and appropriate action will be initiated.		
4	IIT Kanpur	76	24	52	28	5	23	101	44	57	Generally it is seen that strong candidates belonging to SC, ST and OBC category, often do not specify their category and join the UR category.	The Institute is making continuous effort to recruit deserving candidates through rolling advertisement, which is open throughout the year and offers reservation as per Gol norms, also IIT Kanpur has been continuously giving thrust to recruit reserved category candidates through special recruitment drives as published vide Advt. No. DF-4/2017 dated 20 July 2017 to 22 August 2017, DF-3/2019 dated 14 August 2019 to 08 September 2019, DF-1/2021 dated 26 August 2021 to 25 October 2021, DF-1/2022 dated 22 November, 2022 to 31 January 2023.	
5	IIT Delhi	0	0	0	0	0	0	0	0	0	1. The Central Educational Institutions (Reservation in Teachers' Cadre) Act, 2019 came into force on 07.03.2019. Subsequent to its communication by the MoE, IIT Delhi is making all the necessary efforts to implement the provisions of the act. 2. All the issues pertaining to reservation were examined by a high-level Institute committee which submitted its report to the Board of Governors. 3. The Board of Governors in its meeting held on 04.07.2023 revised its Faculty Recruitment Policy in view of the Central Educational Institutions (Reservation in Teachers' Cadre) Act, 2019. Hence, there are no backlog vacancies in the teaching cadre at the present time.	The Institute regularly undertakes Special Recruitment Drives to recruit candidates from backward classes to various academic positions in the Institute. Three Special recruitment drives to recruit SC/ST/OBC/PwD/EWS faculty were undertaken in the year 2013-14, 2019 and another was advertised in the year 2021. Efforts are being made to fill vacant positions through special recruitment drives. The following special drive is currently advertised: 1. Special Drive for SC/ST/OBC-NCL/PwBD/EWS [Assistant Professor (Grade-I/II)]	
6	IIT Guwahati	46	2	44	22	0	22	82	5	77	1. Reservation policy for teaching positions have been adopted in IIT Guwahati after issuance of the gazette notification, 'The Central Educational Institutions (Reservation in Teachers' Cadre) Act 2019' and IIT Guwahati has started to fill up all the vacancy against reserved category after implementation of the Act accordingly. 2. It may be mentioned that posts are vacant in all categories (including reserved categories) due to the shortage of commendable qualified candidates in both the unreserved as well as the reserved categories. 3. IIT Guwahati had advertised for a special recruitment drive for the vacancies in positions against reserved categories for all departments/Schools for all positions. Interviews against all the vacant positions are being conducted and trying to fill the vacancies as much as possible under this drive. 4. Apart from the ongoing Special Recruitment Drive, IIT Guwahati has also advertised for a recruitment drive under Mission Mode for all categories (both reserved and unreserved)		
7	IIT Roorkee		37	1	36	16	0	16	46	7	39	Non-availability of suitable candidates	Rolling advertisement has been uploaded in the Institute website for the post of Assistant Professor. Candidates, including SC/ST/OBC can apply throughout the year against the Rolling advertisement.
8	IIT BHU, Varanasi	0	0	0	0	0	0	0	0	0	IIT(BHU) follows flexible cadre structure for faculty positions. Number of posts are not specified in the advertisement.	IIT(BHU) regularly advertises through Conventional Advertisement, Rolling Advertisement and through Special Recruitment Drive throughout the calendar year.

6	IIT Guwahati	Professor																					1. Reservation policy for teaching positions have been adopted in IIT Guwahati after issuance of the gazette notification, "The Central Educational Institutions (Reservation in Teachers' Cadre) Act 2019" and IIT Guwahati has started to fill up all the vacancy against reserved category after implementation of the Act accordingly. 2. It may be mentioned that posts are vacant in all categories (including reserved categories) due to the shortage of commensurate qualified candidates in both the unreserved as well as the reserved categories. 3. IIT Guwahati had advertised for a special recruitment drive for the vacancies in positions against reserved categories for all departments/Schools for all positions. Interviews against all the vacant positions are being conducted and trying to fill the vacancies as much as possible under this drive. 4. Apart from the ongoing Special Recruitment Drive, IIT Guwahati has also advertised for a recruitment drive under Mission Mode for all categories (both reserved and un-reserved)

16	IIT Indore	2023-24	313	297	225	71.88	Global Economic Slow down. Fewer offers from major companies. Some students opted for Higher Studies and Government Services	Salient features of placement of IIT Indore: 1. Improving core job scenario by specifically inviting PSU to recruit IIT Indore students in the core sectors. This has resulted in substantial increase in PSUs visiting IIT Indore 2. Long term strategy of continuing internship to placement. These internships resulted in around 40% of intern students getting placement offer. 3. This year IIT Indore introduced project-based industrial internships for post graduate students which offer a range of advantages for students such as hands-on experience, exposure to real-world application, problem-solving skills, technical skills, soft skills, opportunities to understand work culture, etc. These internships are also being converted into full time placement. 4. This year IIT Indore invited more than 700 top companies to participate in campus placement season starting from Dec. 2023. Recently, with the help of Institute's corporate connects more than 50 companies have been approached seeking placement for yet to be placed students. This year's UG placement stands at approximately 72% till now which will further improve in the next couple of months. 5. Further, it has been indicated by more than 100 students that they are interested in pursuing higher studies and more than 25 students are preparing for UPSC and other competitive examinations. 6. This year IIT Indore added around 32 new companies to our corporate clientele for campus placements. Compared to the previous year there has been a rise of 80% in new companies this year. Some of the top names include Palo Alto Networks, Versa Networks, Nvidia, Global Logic Hitachi, Nme Education, BPCL, HPCL, C-DOT, BEML, MECOM Ltd., Engineers India Ltd., Singularity Dynamics, Neterwala, CREED, etc. 7. Rajya Sabha Starred Question No. 94 for 31.07.2024
Regarding "Professors of Practice" in higher educational institutions"

Sl.	Name of the IITs	(a)	(b)	If the institute is not following UGC guidelines as mentioned in Col (a), please mention the guidelines being followed alongwith reservation norms,if any.	(c)				Remarks
		Whether reservation policy is applicable for engagements as "Professors of Practice" in your institute recently introduced	if not, the reasons therefor;		the number of persons belonging to GEN, SC, ST and OBC categories engaged as "Professors of Practice" till date or still being engaged	GEN	SC	ST	
1	IIT Kharagpur	Without any compromise on qualification, experience & competence, reservation is applicable as per GoI norms.	not applicable	not applicable	0	0	0	0	
2	IIT Bombay	No	The Professor of Practice positions are not regular faculty positions. The hiring of a 'professor of practice' will not fill any of the sanctioned posts of the institutions. The scheme will not affect the number of sanctioned posts or the recruitment of regular faculty members. The National Education Policy 2020 recommends to transform higher education by focusing on skill- based education to meet needs of the industry and the economy. Further, the NEP also recommends integrating vocational education with general education and strengthening industry-academia collaboration in HEIs. The UGC has taken an initiative to bring the industry and other professional expertise into the academic institutions through the positions called "Professor of Practice". This will help to take real world practices and experiences into the class rooms and also augment the faculty resources in higher education institutions. In turn, the industry and society will benefit from trained graduates equipped with the relevant skills.	-	-	-	-	-	-
3	IIT Madras	No	Appointments are in line with the guidelines of MoE. As of date, IIT Madras has appointed 34 Professor of Practice (PoP) as per the requirement of domain expertise. However, the PoP does not occupy a sanctioned post of a Professor in IIT Madras. Professor of Practice are not part of teaching cadre as it is not mandatory for them to have Ph.D. qualification. The selection was purely based on the expertise required to strengthen Academia-Industry resources in the area of research.	Not applicable, in view of the reply given in column (a) & (b)	34	-	-	-	Category not known; hence it is shown against GE category.
4	IIT Kanpur	Regarding Professor of Practice at IIT Kanpur, we follow our Board approved norms which are in line with MoE guidelines and these are not regular positions. These are contractual positions for a limited period. Currently only 2 such contractual appointments as Professor of Practice have been made and reservation policy is not applied.	As stated in response to (a), appointments of Professor of Practice (PoP) at IIT Kanpur are in line with MoE guidelines. As of date, IIT Kanpur has appointed 02 Professor of Practice (PoP) as per the requirement of domain expertise. However, the PoPs do not occupy the sanctioned posts of regular faculty in IIT Kanpur as they are appointed on contract basis for a limited period.	Not applicable, in view of the reply given in column (a) & (b)	2	-	-	-	
5	IIT Delhi	The institute is in the process of formulating reservation policy in the recruitment of Professor of Practice.	Not applicable	-	9	1	0	0	The data provided is as on 30.06.2024.

Rajya Sabha Starred Question No. 94 for 31.07.2024
Regarding "Professors of Practice" in higher educational institutions"

Sl.	Name of the IITs	(a)	(b)	If the institute is not following UGC guidelines as mentioned in Col (a), please mention the guidelines being followed alongwith reservation norms,if any.	(c)				Remarks
		Whether reservation policy is applicable for engagements as "Professors of Practice" in your institute recently introduced	if not, the reasons therefor;		the number of persons belonging to GEN, SC, ST and OBC categories engaged as "Professors of Practice" till date or still being engaged	GEN	SC	ST	
6	IIT Guwahati	No	At IIT Guwahati, the position of Professor of Practice is not a regular faculty position, unlike other regular faculty positions (Assistant Professors/Associate Professors/ Professors). Hence it does not change or affect the number of sanctioned positions for faculty members. The position of Professor of Practice was instituted for facilitating a strong and robust collaboration between the institute and industry or civil society, established with an aim to bring external perspective to regular teaching; in order to make classes more interesting and to further enrich existing knowledge of faculty members. This is in complete resonance with the National Education Policy aimed towards skill-based education. The domain knowledge of an expert nominated and selected for this position, is expected to add significant value to the academic division to which he/she is affiliated. As of today, a total of nine (9) offers have so far been made from IIT Guwahati, for Professor of Practice, across different disciplines. They have a minimum of 10 years of experience in their service area and showcase exceptional service/innovation in leading Industries or in civil society.	Not applicable, in view of the reply given in column (a) & (b).					Till date 9 offers for the Professor of Practice was made. In the entire process of nomination, selection and joining of Professors of Practice, we have not collected the caste/category of the person, as it was thought to be redundant to the position. This is not a regular position of the institution, rather it is a short-term honorary position, that does not come with any regular salary.
7	IIT Roorkee	No	Professors of Practice (PoP) are taken by the Institute mainly from Industries based on their expertise in specified areas. The PoP is a temporary position and contractual in nature. 7	IIT Roorkee	<p>IIT Roorkee has taken several steps to foster relationships with Industries and research institutions to build a robust innovation and entrepreneurship ecosystem which will contribute towards fulfilling the vision of Atmanirbhar India and realize the goal of Viksit Bharat@ 2047.</p>	<ul style="list-style-type: none"> • IIT Roorkee has been actively working to foster strong relationships between academia and industry to enhance research, innovation, and practical applications. • During the last 4 years the institute has entered into 350+ partnership agreements (MoUs/MoAs) to formalize its relations with the industry. <p>Here are some of the key steps and initiatives IITR has taken to promote industry-academia collaboration:</p> <p>1. Techsarthi Scheme of IIT Roorkee to support industries: IIT Roorkee has launched the TechSarthi scheme to facilitate and manage collaborations between the institute and industries (MSME's) on completing its 175 years. IIT Roorkee has interacted with 1000+ MSMEs and faculty and students from the institute are working on solving their technological problems.</p> <p>2. Research and Development (R&D) Projects: In the last 4 years, IIT Roorkee has engaged in 500 + collaborative R&D projects with various industries & research institutions. These projects often focus on solving real-world problems and contribute to technological advancements.</p> <p>3. Consultancy Services: Faculty members and researchers provide consultancy & testing services to industries, offering expert advice and solutions tailored to industry needs. IITR has executed 3000+ consultancy projects to support the needs of its industrial partners.</p> <p>4. Entrepreneurship ecosystem for Students and Faculty: IIT Roorkee students are given opportunities to visit industries and undertake top-up fellowships, B.Tech Projects & work studentships related to the live industrial problems. Technology transfer to the industry and/or granted patents may also be considered a fulfillment of requirement of Ph.D thesis submission. These experiences provide practical exposure and foster connections with industry professionals. Industries such as TCS, Deloitte, Ansys, Shigan, and Novious are executing their CSR obligations through IITR which is also a CSR institute as per the registration with the Ministry of Corporate Affairs. IIT Roorkee also has a Faculty Entrepreneurship Policy to enable faculty to incubate a scientific spinoff for the development of innovation and entrepreneurship ecosystem of the institute. Currently there are 37 FEPs in the institute. IIT Roorkee supports startups and entrepreneurial ventures through incubation centers and innovation labs. IIT Roorkee currently has 2 incubators (iHUB Divyaspark and TIDES) on campus and has incubated 180+ deep tech startups across India. These startups are working on innovative solutions to some of the country's most pressing challenges. These incubators provide mentorship, funding, and resources, often in collaboration with industry partners.</p> <p>5. Technology Transfer and Licensing: IIT Roorkee works on transferring technologies developed through research to industry partners. This involves licensing technologies or collaborating on commercialization efforts. Technology transfer helps in the practical application of research and promotes innovation in the industry. During the last 4-year, 400+ patents were filed. However, 2023 was remarkable as 148 patents were granted including 2 International Patents, 8 designs, and copyrights were registered, and 8 technologies were transferred in this year. This has contributed to the institute being awarded with the CII's Most Innovative Award for fourth consecutive time in the year 2023.</p> <p>6. Joint Degree and Certification Programs: In some cases, IIT Roorkee collaborates with industries to offer specialized degree or certification programs that are tailored to industry needs. E.g. M.Tech. in VLSI & Ph.D. admission to industry professionals with extensive professional experience. Skill Development: These programs aim to bridge the gap between academic knowledge and industry skills. IIT Roorkee is running multiple courses supported by the Ministry of MSME & Ministry of Education & industry-sponsored courses through CEC as per current industry requirements. The institution has launched initiatives such as the Advanced Entrepreneurship and Skill Development Programs (ESDP) under the Ministry of MSME and the Capacity Building for Design and Entrepreneurship (CBDE) program. These initiatives are crucial and transformative for promoting innovation and practical learning among students and faculty, and they are a testament to our potential for growth and progress, filling us all with optimism and hope for the future.</p> <p>7. Industry-Sponsored Research Chairs and Fellowships: Some industries sponsor research chairs or fellowships at IIT Roorkee to support specific research areas of mutual interest. E.g. Bharat Singh Chair Professor for Water Resources instituted by the Ministry of Jal Shakti, Department of Water Resources, River Development and Ganga Rejuvenation (Erstwhile Ministry of Water Resources), Govt. of India & BIS (Bureau of Indian Standards) Chair Professor by Ministry of Consumer Affairs Food and Public Distribution, Government of India.</p> <p>8. Collaborative Research Centers and Labs: IIT Roorkee has established 16 centre of excellence in collaboration with research institutes, industries and laboratories. E.g. Micron Lab on Semiconductors & Hitachi Lab on Sustainable Energy. Recently IITR established its first industry accelerator AARTI with funding support from the Ministry of Heavy Industries & Industries working in the automobile sector with a special focus on the EV domain.</p>	Not Applicable

Dear Sir

With respect to Lok Sabha Question No. 326, IIT Goa has initiated the following aiming to promote Skill Development and entrepreneurship in rural and underserved areas.

The NSM Nodal Center for Training in High Performance Computing and Artificial Intelligence at IIT

1.

Goa, under the National Supercomputing Mission of the Ministry of Electronics and IT, is actively conducting short term skill oriented courses and training programs for faculty and students from educational institutions in both urban and rural parts of Goa. It also conducts courses in online mode enabling wider reach across the country.

2.

The Center for Drone Applications at IIT Goa, under a grant from the Ministry of Electronics and IT, is actively conducting skills oriented boot camps for faculty and students from educational institutions in both urban and rural parts of Goa.

3.

A one-day seminar on 'Appropriate Technologies for Rural Sectors' and an outreach program was organised.

4.

Besides, the Senate of IIT Goa approved a supervised learning course TASLe (Technology and Society – Learning), a course intending to serve as an academic avenue of the Center for Appropriate Technology for Rural Sectors (CATeRS) and is envisaged to be a platform for faculty and students of IIT Goa to work on the regional problems of developmental interest.
