Overall feedback and suggestions		<i>The Laboratory space is really very low standard. Infrastructure is nice at CRF but at the department level, it requires overhaul. Safety is zero and the laboratory refurbishment and renovation is a must. The laboratories are pathetic and needs support for renovation. Providing extra space is a must. This does not look like a IIT-Chennai's department.</i>

Overall feedback and suggestions		<i>Overall, dept of chemistry is going on a right direction. However, there are many things that require serious attn. For example the Lab space which is very pathetic, safety measurements are almost NIL, research activities of several faculty members are very poor, teaching of several core areas are inadequate.</i>
